

# DSES Pulsar Observations

## September 12, 2020

3 New Pulsars Detected

Total pulsars detected: 11

# Pulsar Observation Success!

- 3 new pulsars were observed on September 12, 2020 with the DSES 60-ft dish
- The observing team was: Rich Russel, Bob Haggart, Gary Agranat, Bill Miller
- The total pulsar count is now 11!

More detail to come at the next science meeting
